

CORDLESS BRUSHLESS ANGLE GRINDER

AGB L20
AGB 125 L20

ADVANTAGES

- 115 / 125 mm angle grinder with 18V battery, with powerful **BRUSHLESS** brushless motor.
- Paddle switch safety switch. When the switch is triggered, an electric flap system stops the disc in less than 2 seconds. This avoids possible accidents if the operator drops the tool.
- Safety clutch that reduces the reaction in case of jamming or stopping. This protects the user from being pulled in and injuring himself.
- Optimum cooling with mesh louvres that restrict the entry of dust.
- Powerful brushless motor for increased efficiency, significantly reducing heat build-up and considerably increasing motor life and battery life.
- Electric system maintains constant speed even on the heaviest jobs.
- Adjustable handle on both sides, narrow and ergonomic grip, for greater comfort.
- Soft start to avoid initial tool jerk, creating a safe and more comfortable working space.

DATA SHEET

Lithium battery voltage	18 V
Idle turns	0 - 6800 rpm
Disc diameter	Ø 115 / 125 mm
disc axis	14 M
Weight	1.4 Kg
