

## TELESCOPIC DRYWALL SANDER

### LP 710 DT

#### ADVANTAGES

- Telescopic wall sander (extendable up to 1.70 m) with 710W motor for sanding walls and ceilings.
- Motor with anti-dust sealing to extend the tool's service life.
- 6-speed electronic variable speed drive to suit the surface to be sanded. The tool also includes two preset settings for wall and ceiling.
- Prepared for connection to an external vacuum cleaner, the tool includes a 37.5 mm suction port.
- Removable sanding plate for sanding corners and edges.
- Sanding disc with hook-and-loop fastener for efficient exchange of sandpaper.
- Direct drive, the connection between the head and the motor is free of a cable, which extends the service life of the tool.
- Tilting head to avoid marks on the walls when sanding.
- Duraluminium structure: The tool is lighter and more robust.

Cod. 1.2420
