

GAS BRUSH CUTTER / HEDGE TRIMMER / PRUNER

MULTIGAS CUTTER B

ADVANTAGES

- Telescopic multi pruner 1.5m extendable up to 2.5m with 33 cm³ gas engine.

- Various attachments for all types of gardening work: string trimmer, disc brush cutter, hedge trimmer with pruning saw and chainsaw trimmer.

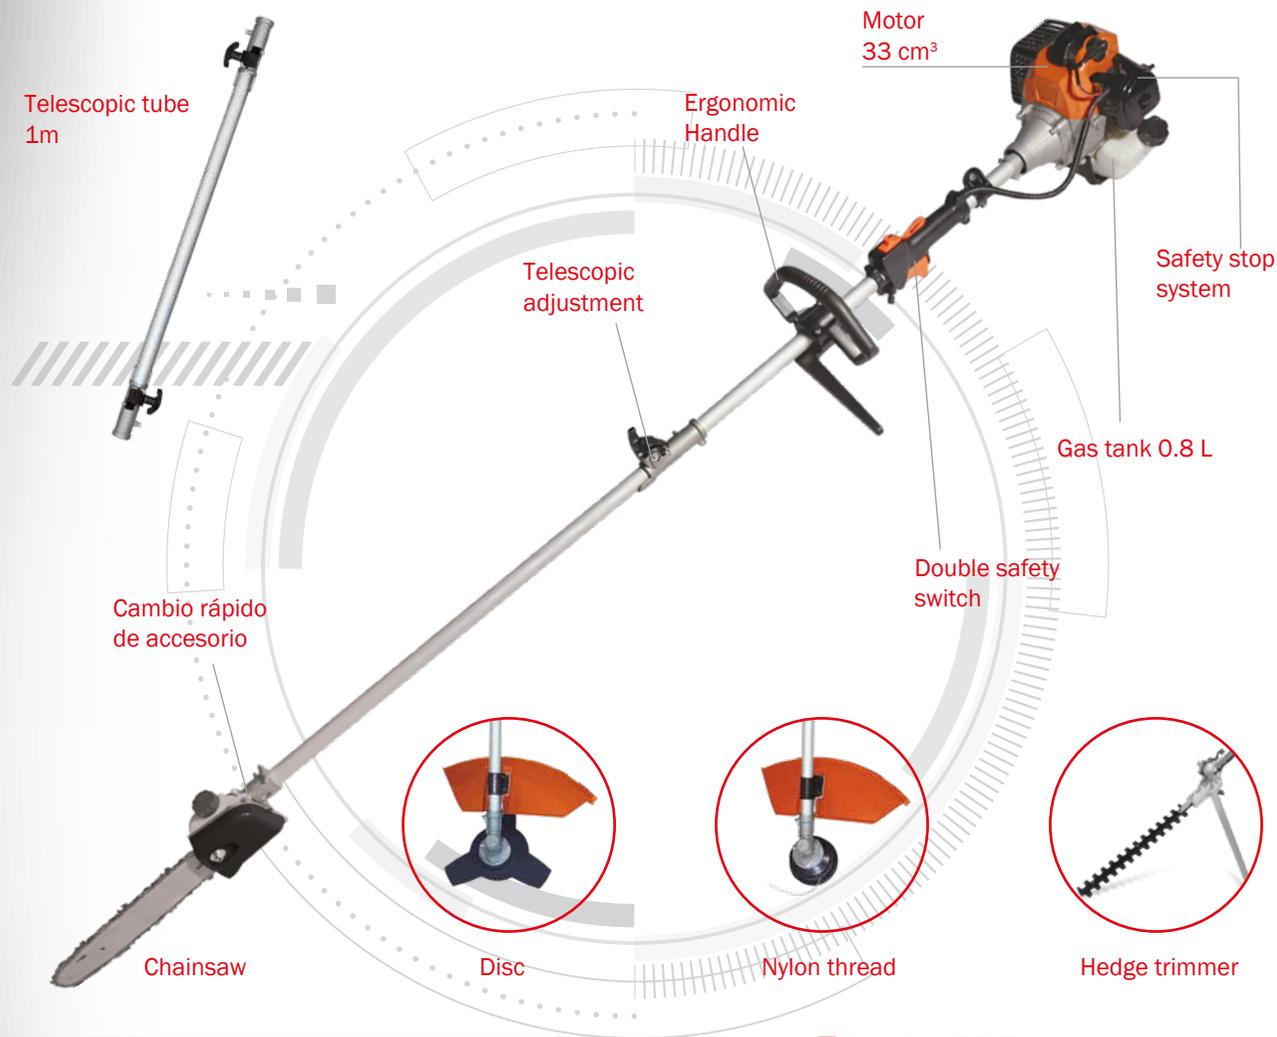

- Powerful 2-stroke gas engine with 2.5% oil ratio. Uses 25 parts petrol to 1 part engine oil. The tool has a 0.8L tank to maintain the best ratio between autonomy and lightness.

- The extender allows the tool to be adapted to all kinds of needs and applications, from lawn mowing to medium-sized tree pruning or hedge trimming at an angle thanks to the adjustable pruning shear.

- Double trigger with safety lock to prevent unintentional activation and with locking button for convenience during long tasks.

- Safety device that stops the machine instantly in case the user drops or lets go of the machine.

- The tool includes vibration and noise reduction systems, as well as a special design so that engine fumes are not expelled near the user.
