

TELESCOPIC DRYWALL SANDER

LP 700 BRUSHLESS

ADVANTAGES

- Telescopic drywall sander extendable up to 205 cm, with 500W brushless motor.
- Motor located in the machine head for improved transmission and performance. The motor is dustproof sealed for maximum life time with no decrease in performance.
- The brushless motor makes the machine lighter, emits less noise, reduces the need for maintenance, increases tool life and power.
- 7-speed electronic variable speed drive with LCD display to adapt to the type of work to be carried out.
- Prepared for connection and use with an external hoover. The tool includes a 4 m. hose with $\varnothing 38$ mm suction connector and a $\varnothing 47$ mm adapter.
- Quick change of hook-and-loop fasteners for fast and uninterrupted work.
- Detachable corner carter for sanding corners and edges.
- Tilting head to avoid marks on walls when sanding.
- Reinforced aluminium structure: lighter and stronger for greater comfort when working.
- Folding system for easy transport and storage.
- Soft start motor to avoid jerks and sudden starts that damage the material to be worked on.

Cod. 1.2912

DATA SHEET

Power	500	W
No load speed	1000 - 2100	min ⁻¹
Working height	1200 - 2050	mm
Self adhering plate diameter	$\varnothing 225$	mm
Vacuum coupling	$\varnothing 38-47$	mm
Head angle	± 180	°
Hose	4	m
Weight	3.5	kg

INCLUDED

- Self adherent plate.
- $\varnothing 38 - 47$ mm. hose coupling
