

DEMOLITION HAMMER SDS PLUS MD 4 BK

ADVANTAGES

- Lightweight demolition hammer with 5j of impact energy with SDS-PLUS insert with 2 functions:

1. Chisel: for construction materials.
2. Vario-lock: adjusts the position of the chisel.

- Demolition hammer with excellent weight to impact power ratio. Ideal for renovation and light demolition work, such as wall chipping and chipping.

- Vibration reduction system VAT (Vibration Absorbing Technology) improves the machine's grip and reduces fatigue during long duration work.

- The adjustable auxiliary handle allows the machine to adapt comfortably to all types of work and angles of attack.
