

## TELESCOPIC DRYWALL SANDER LP 750 AVS

### ADVANTAGES

- Foldable telescopic drywall sander, with 750W motor.
- Direct transmission without cable.
- **Integrated suction system (AVS)**, which allows a vacuum to be carried out on the walls and ceilings, gripping and facilitating the movement of the plate without the need for an additional vacuum cleaner, which gives it greater lightness, resistance and ease of control, allowing greater comfort at work.
- 6-speed electronic variator to adapt to the type of work to be done.
- Tilting head to avoid marks on walls when sanding.
- Folding system for easy transport and storage. The tool includes a 1.2 m hose.
- Progressive start motor that avoids sudden jerks and starts that damage the material to be worked on.
- Removable guard for sanding corners and edges.
- Integrated 360° LED Light.
