

CORDLESS DRILL / SCREWDRIVER / HAMMER DRILL

PBL 150 P L20 BRUSHLESS

ADVANTAGES

- 18V battery-powered Drill / Screwdriver / Hammer, with a lightweight and compact design, has a large tightening torque of 150Nm and a powerful BRUSHLESS motor.
 - Automatic metal drill chuck with 13mm safety lock.
 - Clutch with 20 settings + 3 adjustment functions for tightening limit control. Torque limiter clutch, designed to release the gears in the event that the bit gets stuck, thus protecting the tool and the operator.
 - 2 mechanical speeds for better torque.
- Speed/Setting 1: Maximum torque up to 500 rpm for screwdriving, metal drilling, and hardwood drilling with large diameter bits
- Speed / Configuration 2: minimum tightening torque and maximum speed up to 2100 rpm to drill soft materials and woods, with small diameter drill bits, and to drill construction materials with a hammer.
- Powerful brushless motor that increases efficiency, significantly reducing heating and considerably increasing motor life and battery life.
 - STAYER Li-ion HGH-TECH battery, L20 with protection against overcharging, battery discharge, overheating, short circuit. Charging indicator LED.
 - Convenient holding clip to hang the tool on your belt between jobs.
 - Light indicator with LED in work area.
 - Greater power
 - Lower weight
 - Longer duration
 - Less breakdown
 - Greater autonomy

V_02-2024

DATA SHEET

Lithium battery voltage	18	V
Idle turns	0-500/0-2100	rpm
Percussions	0-8700/0-35000	ipm
Chuck capacity	1.5 / 13	mm
Wood drilling capacity	Ø 60	mm
Steel drilling capacity	Ø 20	mm
Perfect capacity masonry	Ø 16	mm
Torque	150	Nm
Tightening torque regulation	20 + 3	Positions
Weight	1.4	Kg

INCLUDED

-Auxiliary Handle.
